

April 29, 2010

As required under the Clean Water Act, 2006, the Ausable Bayfield Maitland Valley Source Protection Committee has the honour of presenting these Proposed Assessment Reports to the Minister of Environment, the local Source Protection Authorities and the communities within the watersheds.

We would like to acknowledge the many municipalities, individuals and organizations that have diligently provided reports, made presentations and suggestions to the Committee. Their thoughtful input has guided the development of this Report. Furthermore, the Committee would like to express sincere gratitude to the members of staff who have concentrated significant effort and expertise to complete this Report.

We are confident this Assessment Report will provide a solid foundation for the creation of Source Protection Plans.

Respectfully,

Laurence Brown  
Chair, ABMV SPC
